REMARKS

Document AW is being filed to comply with the requirements of 37 CFR § 1.56. Applicants however believe that document AW is no more relevant than document AV filed with the Second IDS on March 26, 2003.

The month of publication for document AW could not be determined. The year of publication for this document is sufficiently earlier than the effective US filing date and/or the foreign priority date of the present application so that the particular month of publication of the document is not in issue (MPEP 609).

The Examiner is respectfully requested to consider the enclosed document identified in this paper and in the attached Form PTO/SB/08B during the course of examination of this application.

The Director is hereby authorized to charge any deficiency in any fees due with the filing of this paper or credit any overpayment in any fees to our Deposit Account Number 08-3040.
